Rock of Ages
Original Broadway Cast Recording

Break out the Aqua Net! The five-time Tony-nominated Broadway musical about the rockin' '80s is out on cassette, er, CD.

I WANNA ROCK: *Rock of Ages* — about a “city boy” (performed by *American Idol*’s **Constantine Maroulis**) and “a small-town girl” fighting to make it as a rock singer and actress, respectively — is jam-packed with all the favorites of the decade, including Extreme’s “More Than Words,” Bon Jovi’s “Wanted Dead or Alive” and the show-stopping final number, Journey’s “Don’t Stop Believin’.”
